O&G is proud to announce the arrival of Scoutmoor Yorkstone Pavers

Scoutmoor Yorkstone is the preferred stone of Queen Elizabeth II

Used exclusively and extensively by her Majesty throughout London, England in the most demanding landmark settings including Westminster Abbey, Parliament, Royal Albert Hall and Trafalgar Square.

Scoutmoor Yorkstone pavers have a proven record of durability and slip resistance—there is no equal when it comes to color range and quality. Predominately blue-grey with varying amounts of buff, these two tonal color variations when cut into paving create lovely curved contrasts in your terrace, walkways, or pool deck applications.

Available in
24” x 24” dimension pavers
24” wide European bond
