UNILOCK REDUCED SMOKE INSERT

UTILIZING ZENTRO TECHNOLOGY

There's nothing like relaxing around a fire pit to bring family and friends closer together. With ordinary fire pits, smoke always blows in someone's face - usually yours. With Unilock Reduced Smoke Inserts stinging eyes are a thing of the past. Zentro's patent-pending technology re-burns smoke before it gets anywhere near your eyes. Say hello to good times and good-bye to smoke.
